Sr. Exhibition

RoboFashion & Dance Show

Team ID	Team Name	Strong Points	Suggestions to improve
22-2	Swarmbotz	Complete system of 3 different components. The system is solid and works well.	More complex communication between the units. Better "wow" effect in the presentation.
924-1	Ultimate Robo Builder	Very useful application several types of sensors system has several different components.	add more math and science concepts.
1244-1	Wasps	Very sophisticated system with many moving parts and sensors and very good science. good presentation. Practical application.	
1420-1	Roboerds	System works very well. many parts that work in concert. Good mathematics.	better understanding of the math that was used. More practical (the system is simulation).
1546-1	Fire extinguishers	Excellent programming and use of sensors.	Better presentation (presentation was not clear).
1567-1	HEP Stormtroopers Sarge Bob	very good use of communication. creative idea.	Use more interaction with the environment. Use more types of sensors.
1567-2	HEP Stormtroopers Angry Birds	useful application good math and science.	Use more types of sensor and better interaction with the environment.

RoboFashion & Dance Show

Team ID	Team Name	Strong Points	Suggestions to improve
1576-1	Robotic NXT	good presentation and environment setup. good communication system works well	add complexity and more features to the life trucks and ambulance
1579-1	The Robo Nerds	practical application several components in the system. Good use of communication	The system does not always work right
1581-3	Snack Attack	Useful application. Good interaction with the environment. The system is autonomous.	Add more sensors and more complexity. Use communication and add more components. The sound sensor might not be perfect with background noise
1592-3	Team 3	complex system that works very well with good use of communication and synchronization	
1696-1	H.I. FOOD	Excellant presentation very useful application. Solid system that works well.	more autonomous interaction with the environment. more sensors. make it more like a robot, and less like a machine

RoboFashion & Dance Show

Team ID	Team Name	Strong Points	Suggestions to improve
336-1	Galactic Cartographers	Great application using math to solve a path finding problem	need fix the wall problem
336-2	Planetary Exploration Technologies Inc.	very professional in presentation	Solve the empty box situation.
528-1	Robot Rocks	made a great product for future music industry	The code is too simple
1040-1	Robot savior	Realistic enhancement for searching rescue technology	How about face recognition.
1284-5	PACE Invaders	A good start in the evolution of robotic powertrain	GOL needs more improvement
1368-1	ASDV	did a very well organized presentation about how to use RFID	need more accuracy
1546-10	fufirobotics	clean and simple hardware design to show how remote surgery can happen in the future	It's just a simple demo need more work

Team ID	Team Name	Strong Points	Suggestions to improve
421-1	Pororo & Friends	Great design Coding was nice	Like to see more Interaction Robot → Robot Need
10605	Psycho Jedi	Nice code Understanding of sensors & how they work	More Interaction Robot → Robot Try separate programs
D41-1	Mario Bros	Use of bluetooth Shared Roles	Add text to code
1259-4	RoboCrabes	Great use of sensor Great use of blue- tooth	Too much Human → Robot interaction
1559	Robofeiz	Great teamwork Nice Synchronicity	Work on Robot → Robot Interaction
1601-1	Robo Waiters	Great Introduction Nice props	Use more robot → robot interaction
