**(*1)**   Member roles must be specific; confidence, team spirit; got attention, eye contact, loud enough, clear, spoke extemporaneously, time used effectively

**(*2)**   Was the demo great? Completed the demo of all the intended functions without human touch. (Note: human players can give signals unless it is touched)

**(*3)**   Artistic and choreograpical merit of **Robots (not human players)**; harmony with music; whole stage is used?

**(*4)**   Creativity and Innovation of: costume, walk, dance, communication, etc.

**(*5)**   Ask students if they were using any math/science concepts in the project

**(*6)**   Wireless signals are invisible. Ask students if they use any Robot-Robot communincation.

**(*7)**   Ask the team to explain some parts of their codes.

**(*8)**   Check if robots are sturdy & durable, and well-engineered. Performed without breaking

**(*9)**   Enter Rank after scoring all teams.  The team with the highest score is rank #1
