Very likely	10	77%
Somewhat likely	2	15%
Not sure now	1	8%
Not likely	0	0%
Definitely, not likely	0	0%

### How would you rate your overall WRO 2014 experience?

### Please write any comments/suggestions for WRO-USA 2015 season:

Comments/suggestions	WRO-USA comments
1. Require robot construction on-site like international rules for robot game. 2. More teams to participate! 3. Reduce the time between rounds at qualifying/national competition. Maybe run more tables at once to reduce overall time for competition. 4. Have a practice session at the site the night before to allow kids time on actual tables and mats. Thanks for organizing this. Our team had a blast!	
Great competition and a great job by all volunteers. Great job!	
The kids love it but it is tough to coordinate since the event happens over the summer.	
Allow gyro use	45505 – Gyro Sensor is allowed in 2015
For competition dates, please check the dates for regional (MI) important event such as Science Olympiad state competition. This year the date conflicts for students who participate in both Robofest and Science Olympiad State competition.	
Awesome experience at the Maker Faire Detroit. Thanks for including me!	
Charge registration fee and site check-in fee together when a team is registered online	

### Goals in 2015

- Over 10 US States
- Over 100 teams
