

# Unknown Task and Factors

## Junior and Senior Division Round 1

**$D1 = 65\text{cm}$**

**Robot Starting Orientation = N**

**Note:** Teams may measure  $L$ ,  $W$ ,  $H$ ,  $H2$  and  $H3$  values during the work-time. These values will not change throughout the day.

Trash Objects will be set after all robots are impounded.
