#### **(8) WISER Conference 2017:**

Call for participation is open for the 2<sup>nd</sup> World conference on Integrated STEaM Education through Robotics (WISER '17) June 2, 2017 in conjunction with World Robofest 2017.

Since robotics is all about STEM and art is tightly connected to all the S. T. E. M. components, interest in integrated \*STEaM learning through robotics\* has been increased. We would like to gather together to share experiences and knowledge and exchange ideas in Robotics education as well as educational robotics for the effective STEaM learning environment.

In addition, we would like to discuss how to advance robotics education and educational robotics ultimately for humanity through the STEaM learning paradigm. Visit <https://robofest.net/index.php/current-competitions/wiser> for more information or to submit an abstract.
