(1) Summer Camps for Robofest Beginners

Robofest is hosting Summer Camps for beginners to get hands-on experience with Lego EV3 robots. Each camp runs from 9:00 am to 3:30 pm in the Computer Science Robotics Lab (J234) on the Lawrence Tech Campus.

Beginning BottleSumo Session 1:	Friday, June 22
Beginning BottleSumo Session 2:	Friday, June 28 (repeat of session 1)
Beginning RoboParade	Friday, July 6

Open to students in 4th through 8th Grades as of May 2018. \$50 registration fee per team. Students who live or attend school in **Southfield**, Michigan are free (registration fee sponsored by DENSO.)

For more information: <https://robofest.net/images/20172018/PDFS/Flyer4Camps18SP.pdf>

Register on the robofest.net website:

<https://robofest.net/rms/SharedPagesServlet?cmd=getSitesTable&action=orderByDate&year=2018>

(2) World Robofest Results posted on the Website

Congratulations to all the teams who participated in the Robofest World Championship and Open Categories. Lists of winners are posted on the World Championship page on the Robofest website:

<https://robofest.net/index.php/current-competitions/world-championship>

All the score sheets have been posted on World Championship Site pages under Files section.

(3) Coach and Volunteer Survey

We are very interested in hearing what coaches and volunteers have to say about the Robofest Experience. We recently send out the email links to the surveys, so please remember to submit your survey so we know where improvements can be made. If you did not receive the email with the survey link, please contact the Robofest office: robofest@ltu.edu.

(4) Updating Privacy Policy

In order to support the General Data Protection Regulation (GDPR) and clarify how we handle your personal information, we will be updating our Privacy Policy, Media Release Waiver and Parent Consent process. Instead of turning in a form at the competition site, parents will submit consent via email at the time of registration. More information will be provided when registration opens for the 2019 competition season. Due to the GDPR, incoming traffic to Robofest.net from EU countries are blocked currently.
